MESSAGE BY THE FOUNDERS

The Advent School was established in the year 2021 with a view to nurture and support value-based quality education.

Now, when we look back and observe the change that we have been able to present through our school, it fills me with great pride and honour. All this would not have come true if it was not about the consistent efforts of highly qualified reputed, knowledgeable Principal, passionate & hard-working teachers who are always accessible, empathetic, adaptable, and dedicated towards the teaching-learning process in school, our students and parents who are helping us getting better each day.

We find ourselves blessed enough to be able to perform the noble deed of education.

We warmly invite you to explore THE ADVENT SCHOOL as we are dedicated to impart the very best education to young minds.

FROM PRINCIPAL'S DESK

"You can teach a student a lesson for a day but if you can teach him to learn by creating curiosity, he will continue the learning process as long as he lives." - Clay P. Bedford

Every child is endowed with a unique set of attributes and abilities, which needs to be nurtured so that they blossom. Therefore, every child deserves an education that fosters academic excellence and all-round development, and ensures their well-being. We, at The Advent School, look at children as individuals and not as a class. We groom and nourish each child independently, for all required distinct attention. We build an atmosphere where each child explores multiple activities, and experiences challenges to find his/her own strengths.

Ever since its inception in 2021, The Advent School, has been consistently scaling coveted heights of glory. Imparting education for us is not just a technique or a way; but we believe in collaborative learning, strong relationship and building capacity among our children to allow them to carve their own niche in the world of future. We are committed for the enlightenment and all-round development of our students and in this, we seek the support of our dear parents in ensuring that our children :

- Attend School daily and arrive on time, ready for the day's learning experience
- Complete all homework assignments given by teachers
- Read daily to develop a love for reading and to improve literary skills
- Share school experiences with you
- Know that you expect them to succeed in School

Let us come together in planning with the right aptitude and develop a positive attitude, then, surely, we will be a cut above the multitudes!

Warm Regards
Shweta Kochar
Principal
